February 25<sup>th</sup>, 2016

Dear Parents of Village Pines Students:

The Village Pines School schedule of fees for the 2016-2017 school year is enclosed and posted on our web site!

Please notice that as a gesture of goodwill to our wonderful families, our schedule of fees remains unchanged from this year.

There will be no increase in our fees for the 2016-2017 school year!

It is essential that you address your child's (children's) enrollment status promptly, so as to allow us ample time for class planning and purchasing of materials.

***Just a reminder that after April 1<sup>st</sup>, the current registration fee of \$ 300.00 per student will increase to \$ 450.00 per student.***

Thank you for entrusting your children to VPS, founded by Mrs. Frazier, entering its 56th year of operation. We have a wonderful history and will continue to lead a lifelong journey toward learning for each enrolled student toward college and careers of the future, as well as continue to foster each student's academic, social and emotional growth.

Cordially,

Margery K Amerling  
Administrator
