

November 25, 2014

*Dear Village Pines Parents,*

*Another year has passed where each of you have achieved personal goals, had both fabulous and challenging events and continue to make Village Pines School a special place for children.*

*I always like to think of life as a continuum of experiences with measures between a mouse's squeak and a lion's roar where nothing should be taken for granted, where celebrations need to be acknowledged and small obstacles are leaped over on your journey.*

*I am proud to "roar like a lion" when I think of you as you trust and believe VPS to educate your children and support the fabulous staff. Each day, as a team. we encourage each child to grow academically, socially and emotionally. The days encourage achievable goals in appropriate ways. We further Mrs. Frazier's vision.*

*However you chose to spend the calendar holidays, please keep this in mind every day.*

*See you in December!*

*Margie Amerling*
