June 2018

Dear VPS Families,

Another school year has ended with many successes and some Hurricane Irma challenges!

The children have experienced a high standard of differentiated instruction facilitated with integrity and care. The students, faculty and parents continue to make a wonderful community.

Our graduating Grade 5 Seniors are ready to face middle school and wonderful new adventures.

I write for the entire faculty how much we appreciate your support, involvement and commitment to reach our goals- the development of confident 21st century learners ready for college and careers of the future

Because of our continued quest to meet the academic, social and emotional needs of all of our students, we are thrilled to introduce the addition of a separate Support or Resource Room. In this need's based setting, VPS will provide more individualized and better-paced learning activities using a variety of learning methodologies in the core areas of reading and math. We are also focused and excited to provide more project based and inquiry activities for active learning in every classroom.

We will have limited summer hours in June and July to allow for major construction and to provide our wonderful staff with well-deserved leisure time. Check out our website for detailed hours of operation and important summer information. Leave a detailed message during the summer and your calls will be returned in a timely manner. Patti Fehr whose email is pastmist@aol.com will be staffing the office.

We are actively seeking more students and families to join our VPS family at all grade levels. We have a wonderful Pre School incentive with a reduced full day tuition of \$6000 to start our youngest learners on the path to learning and self-regulation. Remember you are our BEST ambassadors as we continue our marketing.

Enclosed please find your student report card for the 2017-2018 school year. Each report displays current assessment of your child's strengths and areas to grow. Also, find the SAT results for your child if administered.

The talented and wonderful VPS Staff wishes you a great summer and is excited to welcome you back the first day of school-August 20th!

Margery Amerling

Caring Is Our Career
